Description

Lume Consulting Group is a business strategy and technology consulting firm specializing in targeted assessment, planning, and project execution for both the public and private sectors. Our team, composed of expert consultants, project managers, program managers, and organizational change managers, is dedicated to delivering solutions that meet our clients\\\' business objectives. We have extensive experience managing complex projects and project development pathways, ensuring we can address the full scope of a client\\\'s needs. Some of our contract vehicles include Technology, Digital and Data Consulting MSA, IT CMAS, and Non-IT CMAS.

Qualifications

Mandatory Requirements:

- 5+ years developing responsive, accessible, mobile-first interfaces using React, Vue.js, or similar.
- Experience implementing and maintaining enterprise design systems.
- Proficiency in semantic, scalable, maintainable CSS.
- Skilled in integrating design tools (e.g., Figma) to ensure pixel-perfect results.
- Strong knowledge of WCAG 2.1 AA, ARIA roles, screen reader support, and keyboard accessibility.
- Ability to collaborate across UX/UI, CMS, and QA teams.
- Experience with front-end performance optimization and cross-device compatibility.

Desirable Qualifications:

- Contribution to or management of open-source design system codebases.
- Experience improving site performance to support user satisfaction and conversions.
- Experience supporting multilingual/culturally adaptive front-end solutions.
