Qualifications

ServiceNow HRSD Developer – Remote

- Bachelor's degree in an IT-related or Engineering field *or* equivalent experience (if no degree, 12 years total experience must be shown).
- ServiceNow **Certified Implementation Specialist – HR Service Delivery (HRSD)**.
- 8 years aligning IT systems with business processes, with ≥ 5 years in a lead role.
- 3 years applying IT-governance principles to build/maintain complex, mission-critical systems and their specifications.
- 3 years designing, developing and implementing secure **n-tier architectures** (web apps, databases, COTS solutions).
- 3 years creating end-user training materials, doing data analysis/reporting, drafting policies, and applying full systems-life-cycle methods in fast-paced settings.
- 4 years hands-on **ServiceNow HRSD implementation** experience.
- 5 years developing training materials, performing analysis/reporting, and applying systems-life-cycle management.
- 5 years with Agile/Scrum, COTS support, multi-tiered database work, scripting, debugging, deployment, and coordination of technical teams.
- 3 years covering architecture, design, installation, configuration, operation and maintenance of IT systems/applications (including discovery, administration and sustainment).
- 3 years analyzing and resolving bugs and production incidents for medium-/large-scale applications
